KeySafe

EVERY MINUTE. EVERY HOUR. EVERY DAY. WE CARE.

Do family, neighbours, carers or emergency services need access to your home in an emergency?

Do you want to store your keys in a safe and secure location?

KeySafe is a convenient and secure wall mounted storage system allowing you to store your keys on the outside of your home. KeySafe is made from thick rust proof metal and opens using a numeric code which you choose, change and set yourself.

KeySafe enables you to store up to two keys and is easy to install.
