CRCC TO PROVIDE CARE UPDATES FOR SOUTH EAST COASTAL REGION

The South East Coastal Commonwealth Respite and Carelink Centre (CRCC) invites interested persons from the health and community services industry to join them as they highlight newly available care and respite programs and discuss service provision updates.

On Friday, July 2 2010, carers and care recipients, service providers and agency representatives will hear from many speakers including Ms Janet Durrant and Ms Sharon Henning from School Business Community Partnership Brokers for the Esperance Region; a Department of Education, Employment and Workplace Relations program.

Ms Kylie Ryan, CRCC Co-ordinator for South East Coastal Region, notes that previous sessions have been well attended.

“We have found that the CRCC forum is a great opportunity for a variety of service providers to introduce new staff and new programs,” said Ms Ryan.

“Our presentations are relevant to people from Esperance to Ravensthorpe and Norseman so we find that previous sessions have been quite popular.

”The feedback we get is that attendees really benefit from presentations on the most up-to-date information and enjoy meeting with other carers and service providers.”

The CRCC health and community services industry update will be held at the Taylor Street Tea Rooms, Taylor Street, in Esperance. Tea and coffee will be provided and breakfast will be available for purchase from the Tea Rooms from 7:30am.

For further information, please contact Ms Kylie Ryan on 0429 083 666 or email kryan@silverchain.org.au.
